Better get in
on this deal.

We have bought the entire \$15,000 Meadow Grocery stock of St. Louis, Mo. We bought it for almost nothing and will give the Kansas people the benefit. Saturday was the first day beginning on this stock of goods. The people just swarmed in on the great slaughter sale. No store in town could hold 'em. You'd know that gold dollars were being distributed lavishly by the size of the crowd. There's no getting away from these marvelous big values and the people don't propose to let them get away either; come on, the more the merrier; let Topeka citizens dance to music paid for by St. Louis. The woods are full of choice pickups. We have secured extra help and can readily wait upon you. Come early and avoid the rush.

CALL FOR LEAGUERS.

President Hoch and Secretary Sheldon issue the Seventh Annual Call.

President E. W. Hoch of the Kansas Republican League has issued the following call for the seventh annual meeting of the league, which is to be held in Topeka Thursday, April 5.

To the members of the Kansas Republican League and Republican Clubs of Kansas:

A year ago the "great victory" of reform with a big R was consummated in state and nation. The people wanted "a change" and they got it. No mistake was made about that. Smokeless furnaces in countless numbers, millions of little workers, business paralysis everywhere, demoralization at home and disgrace abroad, a great majority in congress unable to get a quorum, old soldiers trembling every time they go to the post office, all these things attest the fact that they people of this nation got what they wanted for a change. In the state the "change" is equally well attested. Two state officials convicted of crimes in the courts, two permitted to resign in disgrace, an attempt made to oust a fifth, serious charges made by that one against the head of this great "reform" a sixth, banished, others awful uneasiness, the state institutions mismanaged, revolution attempted, civil war almost inaugurated, the courts and the law defied, anarchy in high places—all these things, the record of a single year of Reform with a big R, attest the change in this state. But the people have had enough of this terrible experiment. The result in this state last year, and the result in Ohio, in Iowa, in Pennsylvania, and everywhere else where elections have been held within the past six months, attest the fact that another change is wanted.

The good work of this league in the campaign last year is recognized by all. Let it be more efficient in the greater battle of 1894.

The annual convention of the Kansas Republican League will be held in Topeka, on Thursday, April 5. It is hoped that there will be a great gathering of the members of the publican leagues and clubs at that time. Come for counsel, come for inspiration, come to kindle the fire of enthusiasm, come for business.

The business of the convention will be to elect officers for the ensuing year, to elect thirty-eight delegates to represent the next national convention of the Republican League of the United States, which will be held in Denver, Col., June 26, 1894; and to transact such other business as may come before the meeting.

Each Republican club in this state is entitled to be represented in this convention by its president who is ex-officio a delegate, and three delegates.

Every Republican club in the state, whether connected with the league or not, is entitled to send delegates. The names of the delegates should be sent to the secretary of the state league, at Topeka on or before April 3, to facilitate the making up of the roll.

The railroads will sell tickets at reduced rates, one and one-third fare, or better. Every person buying a ticket must get a receipt from the ticket agent where he buys his ticket, or he cannot avail himself of the reduction. The certificate must be presented to the secre-

tary, C. M. Sheldon, and his signature obtained or it will be of no value.

Prominent members of the party from other states and many of our own leaders will be present, and the celebrated "Moss-backs" of Topeka will furnish the music.

The executive committee requests that every Republican organization in the state send delegates, and that every Republican county committee be called together for that purpose; that every Republican newspaper in the state give this call such publicity as it merits; that every Republican in the state will constitute himself a committee of one to see that every Republican organization in his vicinity is represented.

E. W. Hoch, President

C. M. Sheldon, Secretary
Topeka, March 10, 1894.

CALL FROM DR. HARDING.

Register Before March 23d Or You Can Not Vote.

To the lady voters in this city.

The registration books close March 23.

Are you registered? If not, won't you go at once and register? You do not know what may come up, nor how much you may want to vote. If you neglect to register you cannot vote. Better be ready.

You know that the question of whether women shall have the full suffrage is to be voted upon next November. You can give no better help to that cause than to register and vote, thus showing that you do appreciate the ballot and you can hardly injure it more by neglecting to register and vote.

Go at once and register. If you put it off to the last day you have to encounter a crowd, and there is always the danger of bad weather. Don't procrastinate any longer. Eva HARDING,

President Equal Suffrage Association.

WON'T GO TO GALESBURG.

The Reported Removal of C. W. Williams Is Denied Today.

GALESBURG, Ill., March 20.—A sensation has been caused here by a dispatch from Horseman C. W. Williams of Independence, Iowa, saying that he had concluded not to come to Galesburg.

This was a deep disappointment, the \$60,000 having all been raised as Williams demanded, and an option on a valuable farm having been secured for him.

He gave his promise while here that he would come, provided he could obtain satisfactory terms on the farm, and if assured there would be no trouble about this. The citizens have lived up to their part of the agreement, and they believe Mr. Williams will yet make good his promise.

LOTTIE COLLINS HURT.

She Ruptured Ligaments in Her Foot and Must Rest Six Months.

CHICAGO, March 20.—Saturday night, while doing "Ta-ra-ra" at the Haymarket theater, Lottie Collins slipped and fell and badly injured her left ankle. Dr. T. Henry Ryan, the physician of the Actors' Fund, examined the injured member today and found that, besides sprains almost to dislocation, three ligaments of the foot had been ruptured outright, while one had been broken.

"I have forbidden Miss Collins to attempt to dance again for at least six months," said Dr. Ryan, "and have advised her not to try again for at least a year, unless she wishes to run the risk of again injuring herself."
